Mr. Jonathan Krukas

Dear Mr. Krukas,

This letter is in response to your U.S. General Services Administration (GSA) Freedom of Information Act (FOIA) request (number GSA-2015-000362), dated February 5, 2015, in which you requested the following:

“Amendment/Modification No. 32 issued by GSA with respect to GSA's agreement with The Spector Group and Richard Meier & Partners, for the Alphonse M. D'Amato United States Courthouse construction project located at 100 Federal Plaza, Central Islip, NY 11722. Contract ID Code: GS-02P-92-CUC-0029, Project Number: NNY91413.”

By regulation under the General Records Schedule we retain documents for 6 years and 3 months for contract case files (GRS 3/3a(1)). As such, the documents were shredded based on the above practice. We have no documentation to offer as it no longer exists; therefore, this does not constitute a denial under the FOIA.

This completes our action on this FOIA request. Should you have any questions, please contact Joan Ryan at (212) 264-7469 or by email at joan.ryan@gsa.gov.

Sincerely,

Travis Lewis
